INTER-DISTRICT

The receiving, or nonresident, school district must provide transportation within the district when requested by the parent, but is not responsible for transportation to and from the district's border.

CHARTER SCHOOL

If the charter school does not elect to provide transportation, the district in which the charter school is located must provide transportation for the charter school students.

PRIVATE SCHOOL

A school district eligible to receive state aid for transportation must provide equal transportation within the district for all school children to any school when transportation is necessary because of distance or traffic conditions. Transportation may be provided under limited circumstances to out-of-district schools. Transportation is also authorized for private school students receiving pupil support services at public schools or neutral sites.

State Student Transportation Statutes

Inter-District: Minn. Stat. Ann. § 124D.03, § 124D.87

Charter Schools: Minn. Stat. §§ 124E.15 and 124E.23
