INTER-DISTRICT

New Jersey school districts contract with each other for transportation services when students transfer between districts, with homeless students guaranteed transportation when transferring across district lines.

CHARTER SCHOOL

The students who reside in the school district in which the charter school is located must be provided transportation to the charter school on the same terms and conditions as transportation is provided to students attending the schools of the district.

PRIVATE SCHOOL

Pupils attending nonprofit, nonpublic schools not more than 20 miles from their residence are entitled to transportation if the school district provides transportation for public school pupils.
