Q23. A tax credit allows an individual or business to reduce the final amount of a tax owed to government. In a “**tax-credit scholarship system,**” a government gives tax credits to individuals or businesses if they contribute money to nonprofit organizations that distribute private school scholarships.

A nonprofit organization gives a scholarship to a qualifying student who would like to enroll in a private school of their choice, including both religious and non-religious schools. The student’s parent then uses the scholarship to pay partial or full tuition for the chosen private school.
